## CODE XP2425

### SQUAT RACK

• Heavy Duty Squat Racks

• A great squat rack for both home gyms and commercial gyms. The Xpeed heavy-duty squat rack is compatible with all of our commercial attachments. ie, our spotter arm and dip bar attachments will both fit this rack perfectly.

• We built this rack at 210cm tall. The reason we did this is that we found a lot of home gym enthusiasts had ceilings considerably lower than most commercial quality squat racks at 230cm.

• Being a bit shorter allows this rack to fit into all home gym spaces that we know of.

#### Specification

Material : Metal

Finish : Anti rust powder coated

Colour : Black

Max. Load capacity : Hold up to 60 jump ropes or 30-60 fitness belts.

# AIR ICE HOCKEY TABLE

**CODE XP2458**

## AIR & ICE HOCKEY TABLE

**ELECTRONIC SCORING:** Electronic scorer is much easier to operate. The player doesn't need to spend time recording the score. The score is automatically displayed on the screen and is very accurate. **SUITABLE PLACES:** This 6ft air hockey table is perfect for family fun and can be put in rooms, garages, basements and out yards, as well as in bars, game rooms and other entertainment venues. **ADJUST LEG LEVELERS:** The leg level adjustment system makes the table adjustable in the case of uneven floors to suit your environmental needs to make the game as accurate and fair as possible. **EASY ASSEMBLY:** After opening the package, the table is already in a semi-assembled state, and only the legs of the table are needed to complete the assembly of the product. It only takes two people 20 minutes to complete it, which is very simple.

Below is the specification sheet for soccer table it would be able to give you more details on this product.
